

# COMPLETING HOMEWORK

GOAL: To be able to bring back completed homework, on time, as directed by teacher.

RATIONALE: Learning how to complete a task and turn it in on time will build responsibility and organizational skills needed for future education and work settings.

## What I Should Do:

1. Put homework in backpack to take home.
2. Find a place to work at home.
3. Look at assignment notebook.
4. Complete homework at home.
5. Put homework back in backpack as soon as completed.
6. Bring completed work back to school when due.

Please circle; this is what I did instead of doing my homework:

Left homework at school

Had someone else do my homework

Refused to work at home

Lost it

Forgot it

Brought homework back, but not finished

Forgot I had homework to do/didn't check my assignment notebook to see if I had any
