

Data Audit Tool
(Individual Building)

Directions:

1. Collect and review the following data for your school. Use the questions below to discuss priorities for building or district planning.

School Name: _____

Person Completing: _____

What relationships do we observe among these groups of data? How can this guide our vision and action planning?

Academic Data
Is Academic Achievement Improving?

- Is the school making AYP?
- Is the % of students meeting/exceeding (reading and math) standards increasing?
- Has the graduation rate improved?
- Has the drop-out rate declined?

Discipline Data
Are Discipline Problems Decreasing?
Are Schools Safer?

- Are office discipline referrals decreasing?
- Are in school and out of school suspensions decreasing?
- Were there any expulsions?
- Is there a change in perceived safety, predictability, and social quality of the school?

Special Education Data
Are Special Education Placements Decreasing?
Are Special Education Placements Proportionate?
Are Student Placements in Restrictive Environments Decreasing?

- What % of students have IEPs? Is this number decreasing?
- Is the number of students referred to special education decreasing?
- Is the number of students who qualify for special education decreasing?
- What trends do you observe in restrictive environment placements?
- Are certain groups, by ethnicity or disability, over represented in IEP placement or disability categories?
