HIGH SCHOOL NETWORKING SESSIONS

Effective PBIS implementation in high schools leads to improved attendance rates and behavior outcomes (Freeman, J., Simonsen, B., McCoach, D.B., Sugai, G., Lombardi, A., Horner, R. 2015). These sessions are an opportunity for high school practitioners to connect with other high schools and share strategies that work. Resources will also be shared that are specifically geared towards implementation within the high school context. At least one high school will be featured each session to present and discuss a topic of interest.
